CHC Clinical Training Log

Record each case on the log for which you assume full responsibility that is being supervised by a CCH certified homeopath. Organize the Clinical Training Log by Case ID. To meet CHC certification clinical requirements, write a case report that includes the initial intake and analysis for a minimum of 10 independent cases (10 hours each) with two follow-ups each (2 hours each). Each case and follow-ups must have been supervised.

Date: Record date supervision occurred.
Case ID: Use initials or numbering system. Do not use client names.
Supervisor's Name: Print supervisor name and credential.
Type: IIA – Initial Intake and Analysis; FU – Follow-up.
Hours: Record the number of credited hours.
Supervisor Signature: Obtain supervisor's signature for each entry.

Applicant's Name _____

Date	Case ID	Supervisor's Name and Credential	Type: IIA or FU	Hours	Supervisor's Signature
