SECTION 1 ABOUT THE CHC

The Council for Homeopathic Certification (CHC) was formed in 1991 as a non-profit 501(c)(6) organization with the vision of a healthcare system that encompasses certified classical homeopathic practitioners who are accessible by all. Acting as an autonomous governing board, the CHC maintains oversight and responsibility for all certification and recertification policy decisions, including governance, eligibility standards, appeals and disciplinary actions and the development, administration, scoring, and reporting of assessment instruments.

In July 2017, the CHC was accredited by the [National Commission for Certifying Agencies](#) (NCCA). Renewed in 2022 and accredited through 2027, The CHC's NCCA accreditation designates it as the only accredited homeopathic certification organization in the industry. NCCA standards require that certifying exams meet psychometric validity, reliability and scoring standards and that certification processes adhere to best practices for certification organizations. The CHC is also an organizational member of the [Institute for Credentialing Excellence](#) (ICE). ICE is a private and voluntary membership organization that provides educational, networking, and other resources for organizations like the CHC that serve the credentialing industry.

A. CHC MISSION

The Mission of the CHC is to advance the homeopathic profession by certifying individuals who meet and maintain a recognized standard of professional and ethical competence in classical homeopathy and to assist the public in choosing appropriately qualified homeopaths.

B. NON-DISCRIMINATION POLICY

The CHC does not discriminate based on race, color, age, gender, sexual orientation, political or religious beliefs, disability, marital status, national origin, or ancestry.

C. CONFIDENTIALITY POLICY

Confidential information (non-public information including, but not limited to, name, address, social security number, bank, or credit account numbers, financial or medical information, certification numbers, etc.) is protected by federal and state statutes. To protect users' privacy, CHC's database of personal information is accessible only by designated staff and contractors operating under a nondisclosure agreement.

Certificant information remains confidential, with the exclusion of whether a certificant is current and in good standing. Unless required by law, written authorization by the certificant is needed to release test score information. All CHC certificants are listed in the CHC directory unless a certificant opts out of a listing in the directory.

SECTION 2 BENEFITS OF CHC RECERTIFICATION

- Active certificants may use the CCH credential.
- CHC certification equates homeopathy with other certified healthcare professions.
- The CCH credential provides greater legal and public recognition of homeopathy.
- The CCH credential promotes homeopathy as a recognized profession.
- Maintenance of CHC certification demonstrates a commitment to continuing professional development.
- Actively certified homeopaths are listed in our public-facing practitioner directory.
- CHC-certified homeopaths can purchase professional liability insurance through Westminster Insurance Group.
- CHC-certified homeopaths are offered volunteer opportunities with CHC committees.
- CHC-certified homeopaths may be considered for nomination to the CHC Board of Directors.
- CCH-eligible benefits offered by homeopathy organizations and homeopathic pharmacies.

SECTION 3 ABOUT RECERTIFICATION

Recertification is required to maintain an active credential, and the first recertification is due the year after initial certification is acquired.

A. PURPOSE OF RECERTIFICATION

The recertification process requires CHC-certified practitioners to maintain and enhance skills and knowledge beyond the minimum competence demonstrated during initial certification. Through Continuing Professional Development (CPD), practitioners safeguard quality services for the public and reinforce professional accountability to homeopathic and other healthcare communities. Certificants who complete the recertification requirements annually by the December 31st deadline maintain an active credential.

CPD involves two important steps:

1. Participation in [ACHENA](#) approved continuing education events or other CHC approved activities that support professional development and personal growth.
2. Annual submission of approved Continuing Professional Development coursework and/or activities.

B. RECERTIFICATION PROCESS OVERVIEW

Recertification is an annual online process that requires certificants to utilize the CHC Portal (formerly MyCHC) on the CHC website for submitting recertification documentation and updating account information. Recertification applications are accepted July 1st through December 31st each year.

There are three steps in the recertification process:

1. Enter your Continuing Professional Development CEUs.
Note: Non-ACHENA coursework requires CHC approval via the *Request for Category I CEU Credit for a Non-ACHENA Homeopathy Course* or the *Pre-Approval Request for a Non-ACHENA Homeopathy Course*. These forms can be accessed by logging into your CHC Portal account, and viewing the applications available on your dashboard. Allow up to 3 weeks for CPD Committee review.
2. Attest to the CHC Code of Ethics, Clients' Healthcare Rights, and Fitness to Practice.
3. Complete the payment for recertification and submit your application.

Contact information can be updated at any time by the certificant via the CHC Portal.

All recertification applications, once verified, will receive an updated certificate and digital badge. To download the certificate from the CHC Portal dashboard, click the 'Download Certificate' button in the upper right of the screen.

To view or download the digital badge, click the 'Badges' text on the left of the screen under the heading 'Quick Links'.

Select the Badge you wish to download.

Download your Badge or Certificate in the 'Digital Badge Sharing' section of the webpage.

For questions regarding your digital certificate or badge, contact the CHC at chcinfo@homeopathcertification.org.

C. CEU REQUIREMENTS

The CHC requires a total of fifteen (15) Continuing Education Units (CEUs) during each annual recertification cycle. A minimum of ten (10) of these must be Category I CEUs and up to five (5) may include Category II CEUs. Each Category requires specific supporting documentation and [the appropriate documentation](#) must be uploaded. Earned CEUs in excess of 15, may be carried over to the next recertification year.

1. Category I: Homeopathy

Category I Homeopathy CEUs are earned through attendance at or by completion of educational or other approved professional programs and activities relevant to professional classical homeopathy practice. Homeopathy education-related conferences, seminars and post graduate courses must be [ACHENA](#) approved or be approved through the CHC-CPD Committee via the *Request for Category I Credit for a Non-ACHENA Homeopathy Course or the Pre-Approval Request for Category I Credit for a Non-ACHENA Course*.

2. Category II: Optional Professional Enhancement

Category II Optional Professional Enhancement CEUs are earned through qualifying activities that are either non-ACHENA approved homeopathic courses taught by licensed health professionals or registered homeopaths, or activities not directly related to classical homeopathy but directly relevant to providing professional service to clients as follows:

- Non-ACHENA Homeopathy courses taught by licensed health professionals or CCH or equivalent homeopaths
- Non-homeopathy college or university courses focused on topics not directly related to Classical Homeopathy
- Non-homeopathy education taught by a Certified Practitioner in the topic

*Beginning December 20, 2025, all non-ACHENA approved coursework must be approved by the CHC-CPD Committee through a Request (or Pre-Approval Request) for Category I Credit for a Non-ACHENA Homeopathy Course application available on your CHC Portal dashboard.

In any recertification cycle, an applicant can claim a maximum of 7.5 CEUs by combining all volunteer activities.

Table 1: CEU Activities Table

The CHC reserves the right to evaluate, at its discretion, all CEU activities on an individual basis, and to accept or deny credits claimed (in whole or in part) according to this policy and other CHC requirements. As part of this review, the CHC may not approve the number of submitted CEUs for an activity or program. In addition, the CHC reserves the right to contact any appropriate information source, including individuals or organizations referred to in the documentation submitted during the annual randomly selected CEU audit. The CHC reserves the right to request additional information or clarification about a specific activity prior to final acceptance. The CHC will notify the certificant in writing about any denied CEUs and the reasons for denial.

4. CEU Documentation

All CEU activities that are entered into the CHC Portal (formerly MyCHC) are subject to review and acceptance by the CHC. In all cases, credit is granted only after the CEU activity has been completed and verified.

CEU Time-Limits

All participation in a CEU activity must have taken place within the 24 months preceding the recertification deadline (i.e., January 1st of the previous year to December 31st of the current year). CEUs in excess of 15 for a current recertification cycle may be carried forward (rolled over) and applied to the next year's recertification CEU requirements.

CEU Document Storage

Each certificant has the option to store unused CEU activities within their CHC Portal account by uploading them to their 'Unused CEUs' bank available on their CHC Portal dashboard.

The CHC recommends maintaining CEU documentation records in the certificant's personal files for at least two years following each annual recertification cycle.

5. Recertification Application Audit

The CHC recertification system randomly selects CHC recertification submissions to audit during the recertification cycle. Late recertification submissions are audited during the month in which they are submitted.

Audit Process

- The CPD Committee has 4-6 weeks to either approve the application or request corrections.
- If approved, the certificate is issued and available for download within the CHC Portal account.

Audit Clarification

- Applicants in the audit pool with incorrect or insufficient documents will receive an email from the CPD Committee requesting clarification or submission of additional documentation.
- Certificants have 60 days from receiving the email to provide clarification or upload CEUs or other supporting documents.

Reconsideration

- If the application is rejected, the certificant can request reconsideration from the CPD Committee via the Recertification Reconsideration Request (available on the user's CHC Portal dashboard).

Grace Period

- Certificants who do not address deficiencies by the recertification deadline are subject to the late recertification fee.

D. ATTESTATION STATEMENT

Compliance with CHC Code of Professional Ethics, CHC Client Healthcare Rights, and Fitness to Practice reporting is paramount to obtaining and retaining the CCH credential. Truthful answers to compliance

questions are required during each recertification cycle.

Certificants must truthfully and fully respond to all health and legal questions and provide required information. Certificants must also notify the CHC in writing within thirty days about any changes related to Fitness to Practice information. Failure to report changes could result in disciplinary action. All information is reviewed per CHC policies. All records maintained by the CHC are confidential and will only be released by written request or as required by law.

If you answer “yes” to any Health Status question, you must upload a personal statement addressing the history and status of any physical, psychological, or substance abuse-related impairments. If the health concern no longer affects your fitness to practice, submit written documentation from a healthcare professional who has treated you addressing the impairment and your fitness to practice, and attestations that:

- You are no longer impaired (or are currently under treatment for the impairment)
- The impairment and/or treatment for such does not interfere with your ability to practice

If you answer “yes” to any of the Legal Status questions, you must submit official copies of legal documents related to the charges or claims that supports a personal written statement(s) that include:

- An explanation of the charges or claims
- A statement that the case is still pending in any legal jurisdiction and/or with any state/provincial agency, healthcare professional board, association, or with the CHC, or an explanation of how the charges or claims were resolved

E. RECERTIFICATION DEADLINE AND FEES

To maintain the CCH credential, CCH holders must submit all recertification requirements by December 31st each year. All fees are non-refundable as follows:

If submitted by...	Recertification Fee	Late Fee	Total
Recertification Deadline (December 31)	\$170		\$170
Late Window Deadline (February 28)	\$170	\$75	\$245

Table 2: Non-Refundable Recertification Fees

F. LAPSED AND EXPIRED CREDENTIALS

If recertification requirements are not met by December 31st, the CCH credential lapses, and the certificant may no longer use the CCH credential. Reactivation of a lapsed credential is possible if the credential has been lapsed for less than two (2) years.

Reactivation of a lapsed credential requires four actions:

1. Complete and submit the CCH Credential Reactivation Form. This form is available on the user's dashboard within their CHC Portal account.
2. Upload documentation of 15 CEUs per lapsed year (see [CEU Requirements](#))
3. Pay recertification fee per each lapsed year(s)
4. Pay \$100 reactivation fee

If the credential has lapsed for more than two (2) years, the credential is expired. A certificant whose CHC credential has expired may reactivate the credential by applying for and passing the CHC Exam.

SECTION 4 ANNUAL RECERTIFICATION INSTRUCTIONS

There are three steps in the recertification process:

- Step 1**
Enter your Continuing Professional Development CEUs. *Note:* Non-ACHENA coursework requires CHC approval via the Request for Category I CEU Credit for a Non-ACHENA Continuing Education Course or the Pre-Approval Request for Category I CEU Non-ACHENA Continuing Education Course (allow up to 3 weeks for CPD Committee review)
- Step 2**
Attest to the CHC Code of Ethics, Clients' Healthcare Rights, and Fitness to Practice.
- Step 3**
Complete the payment for recertification and submit your application.

You may update your contact information at any time.

After your recertification application has been verified, you will receive an updated certificate and digital badge.

Contact us via email chcinfo@homeopathcertification.org or via phone 1-866-242-3399 (office hours are 12-2 EST Monday-Friday) with any questions or concerns about your digital certificate, badge, or any other aspect of the recertification process.

Step 4: Read through the CEU Requirements.

Note: You may save your application for later or go back to the previous page at any point in your application.

Step 5: Add Continuing Education (CE) units to apply towards your recertification.

To Add CEUs

- Step 1: Check "Your Unused CEUs" bank and transfer any existing CEUs to the "2026 Recertification CEUs" bank before proceeding.
- Step 2: Upload additional CEUs that you would like to apply to the 2026 recertification cycle to reach the CEU requirements.
- Important: If you would like to save any CEUs for a future recertification cycle, when you upload a CEU below only input the number of credits you would like to use. Upload remaining credits to "Your Unused CEU" Bank.
 - Example: I only need 5 more CEUs but my CEU certificate says 15. When I upload my CEU into this table, I will enter only 5 CEUs. Then, I will go to my CEU Bank to upload the remaining.
